celebrate the 10th Anniversary of International Art of Giving Day on Saturday.

Marking the day, bags with gifts (Bag of Happiness) were handed over to the silent contributors who tirelessly supported the community and ensured its smooth functioning, said a press release.

The International Art of Giving Day is observed globally and celebrates the joy of giving and sharing.

This year, it was an occasion to recognise and honour those individuals who selflessly dedicate their efforts to support our endeavours. The distribution of the gift bags brought immeasurable joy and satisfaction to the contributors. The recipients, who have been instrumental in providing seamless services, were deeply touched by this gesture. The smiles that lit up their faces were priceless, a testament to the fact that true happiness stems not from material possessions but from caring and sharing with their loved ones.

This year, the Art of Giving community reached new heights with the official nomination of Dr Md Sabur Khan, Chairman of Daffodil International University, as the President to lead this esteemed community.

Driven by a shared vision of serving humanity and promoting peace, joy and harmony, the Art of Giving community continued to make a meaningful impact in the lives of countless individuals.
